We send several mailings a year to accomplish this and include a donation coupon to invite financial support. However, you may opt-out of any and all mailings by contacting us with your request.

ADC uses high-grade encryption and security protocols (Secure Socket Layer-SSL) when processing financial transactions. This method is the industry standard security protocol, which makes it difficult for anyone to intercept the information you send us. Inside ADC, data is stored on password-protected servers. Our staff is trained on the importance of safeguarding your information. However, such precautions do not guarantee that our website is not vulnerable to security breaks. ADC makes no warranty, guarantee or representation that the use of our website is protected from viruses, security threats or other vulnerabilities and that your information will always be secure.
